Rich Earth Institute OPEN HOUSE

November 13
4:00 - 5:00 pm

Rich Earth Institute
Research Center
355 Old Ferry Road,
Brattleboro, VT

Free and open to all!

Join us to learn about urine nutrient recycling. Together, we can pee the change!

Curious about the power of pee? The Rich Earth's Open House is your golden opportunity to learn about the world of urine recycling.

- Tour Brattleboro's unique urine processing facility
- Learn how we turn liquid gold into fertilizer for local farms
- Check out our innovative tech (like urine-diverting toilets!)
- Hear about Rich Earth's latest research projects
- Meet the scientists behind the scenes
- Ask us your peecycling questions!
